# INTERNATIONAL WOMEN'S COMPASS

# Welcome to KulturTrif(f)t International Women's Compass!

We are excited to provide a platform where women from all around the world can come together and practice their

German on a daily basis. Our focus is on sharing important information about life in Germany, including topics such as visiting doctors, selecting schools for children, navigating paperwork, and finding job opportunities and other necessary networks.

We believe in providing our newcomers with access to knowledgeable professionals to discuss specific and important themes. At Woman's Compass, we strive to be a place that feels like a second home. Our ultimate goal is to ensure that our members never feel lost and always have access to the support they need to navigate life in a new country.

So, come join us and let us serve as your compass!
